Hes my attorney.

I have no interest in speaking with him. I think it was malpractice for him to even enable such frivolous and vexatious litigation against so many defendants. I can almost guarantee he will be sanctioned by the court. At least that's what I've heard from some pretty reliable sources. I have 22 attorneys and have spent hundreds of thousands on attorney fees in my life. I have the best of the best litigators: Bill Mason (Managing Partner of Bricker & Eckler - and former Cuyahoga County Prosecutor), Don Malarcik (top 100 trial attorneys in the nation), Brian Pierce (top 100 trial attorneys in the nation) Sabodh Chandra (former assistant US attorney), Errol Can (for assistant Portage County Prosecutor), Victor Heutche (former Youngstown City Council President) — None of these guys would have taken such a silly case and amended the lawsuit to include several dozen citizens who commented on Facebook.

C'mon Susan.... you're better than this.

You're not going to win this case, and I think you are at serious risk of losing a vexatious litigation and frivolous conduct counterclaim. But hey..... good luck. None of this is my problem.

I am glad you feel that people trespassing. And cutting down
\$100,000 dollars worth of trees, threatening you and your children
and blowing cigarette smoke at you etc. children are
physically causing damage to my heart and my lungs. Borky
definitely is prejudicial and biased and should not be allowed to
judge. Period. She's a complete waste of time who others have
had issues with. If you like streetsboro so much maybe you can
buy my house as its for sale because of all the abuse I have
suffered since jan 2016

Thank you, Mr. Chafferty accepted your request.

You obviously know I'm a lot more knowledgeable about this case
than most..... I'm not saying that you don't have reasons to be
upset. I'm not saying you don't have a shitty neighbor..... maybe
you do? I don't know. But what I do know, is that you amended
your first lawsuit a year later to add a massive amount of people
that did nothing but "comment" on Facebook, and because you
didn't like it, or because it hurt your feelings, you decided to sue all
these people? Do you not understand how silly and petty that is?
The courts are laughing at this case..... the truth is they're not
even really mad at you. They think you need emotional help. They
blame your lawyer for enabling this jurisprudential insanity. No
good lawyer would have ever taken this case, or amended it to
include so many defendants.

Now I'm done being critical. You don't know me and I don't know
you, I don't disrespect people that don't have it coming to them,
and I get along with all my neighbors. Maybe you and I would be
friends if we were neighbors?

Mediation? Not for money..... but mediation to
